Columbia-Brazoria ISD students have the opportunity to receive a district issued Chromebook. Students will keep the same Chromebook throughout the school year in Columbia-Brazoria ISD or until issued a replacement Chromebook. For a Chromebook to be issued to a student, the district's Acceptable Use Policy and Device Usage Agreement must be agreed to. The student does not pay an annual use fee; however, the student is responsible for any fees associated with a lost or damaged Chromebook.

Students have the option to purchase an annual maintenance plan each year for \$35 for non-touchscreen Chromebooks or \$50 for touchscreen Chromebooks. For students that enroll during the school year the plan must be purchased

within 30 days of receiving the Chromebook. This optional maintenance plan pays or reduces the costs of repair during the school year. For more information about what the optional plan covers, see more details below.

If a Chromebook is broken: The student should return the Chromebook to the designated campus administrator. The Technology Department will assess the damage and notify the campus of any fees that need to be assessed.

If a Chromebook is lost/stolen: If the Chromebook has been stolen, a police report will need to be filed through the CBISD Police Department. If the Chromebook is not recovered the student will be charged for a total loss. If the Chromebook is found after payment has already been made, a refund will be issued minus the cost of any damage.

Columbia-Brazoria ISD Student Chromebook Optional Maintenance

If purchased, the annual maintenance plan covers accidental damage, theft, loss, fire, water damage, and vandalism on a one-time basis for all damages (e.g., one broken screen, power adapter, broken keyboard). After the Chromebook damages are assessed and payment for damages taken, another maintenance plan can be purchased for the same price as the original maintenance plan.

Expiration Date: May 25, 2024 or the day a student withdraws from school, whichever comes first. If a student withdraws from the district for any reason, this insurance agreement becomes null and void on that date. Damage estimates will be paid based on the table below and are subject to change:
